

Asritha Vemireddy

Hello, I'm

Asritha Vemireddy

Frontend Developer

Hi, I'm Asritha Vemireddy, a Front-End Developer with over 5 years of experience creating responsive and accessible web applications. I specialize in React, Angular, TypeScript, and Tailwind CSS, with a strong focus on performance, usability, and clean UI design. My work spans healthcare and fintech, where I've built intuitive user interfaces that are both functional and visually appealing. I enjoy turning complex requirements into seamless user experiences and collaborating closely with designers and backend teams. I'm always excited to learn new tools and bring creative ideas to life through code.

About Me

Experience

5+ Years

Frontend Developer

Education

Masters in CIS

BTech in CS

I hold a Master's degree in Computer Information Systems from Pace University, New York with a GPA of 3.97, and a Bachelor's in Computer Science Engineering from Amrita School of Engineering, India.

Professionally, I bring over 5 years of full-stack development experience, with a strong focus on front-end technologies like React, Angular, and TypeScript. I've worked across healthcare and fintech domains, currently serving as a Full Stack Engineer at CDX Diagnostics, where I build secure, responsive, and performance-optimized web applications. My background also includes roles in UI development and cloud-based deployments, with a passion for clean code, usability, and scalable design.
